The screenshot shows the Windows Control Panel System window. At the top, there's a navigation bar with icons for Device Manager, Remote settings, and Advanced system settings. Below that, the title 'Control Panel Home' is displayed. The main content area has a heading 'View basic information about your computer'. It shows the following details:

- Windows edition:** Windows Server 2008 R2 Standard
- Copyright © 2009 Microsoft Corporation. All rights reserved.**
- Service Pack 1**

There are three main sections with horizontal dotted lines:

- System**
 - Processor:** Intel(R) Xeon(R) CPU E5-2407 0 @ 2.20GHz 2.20 GHz (2 processors)
 - Installed memory (RAM):** 64.0 GB (32.0 GB usable)
 - System type:** 64-bit Operating System
 - Pen and Touch:** No Pen or Touch Input is available for this Display
- Computer name, domain, and workgroup settings**
 - Computer name:** HP
 - Full computer name:** HP
 - Computer description:**
 - Workgroup:** WORKGROUP
- Windows activation**
 - Windows is activated**
 - Product ID:** 00477-OEM-8400101-10502

In the bottom right corner, there's a large Windows logo watermark. On the left side of the screen, the Windows Start menu is visible with various pinned icons like File Explorer, Mail, Photos, and Control Panel. The taskbar at the bottom shows the date (17-Jan-14), time (3:32 PM), and several open application icons.
